

- Trusted name
- Superior axle design
- Application versatility

Trusted Name

Worldwide OEMs, fleets and owner operators put their trust in INTRAAX®. With a well-deserved reputation for low maintenance and durability, AAL models deliver the proven benefits of INTRAAX technology to trailer designs for low-ride height or liftable suspensions.

Superior Axle Design

Hendrickson's INTRAAX AAL product line now features the 5¾-inch LDA™ Large-Diameter Axle. The road-proven LDA axle reduces weight, improves performance, increases axle stiffness and improves durability.

Application Versatility

The sleek, low-profile design of AAL models cover a wide range of ride heights from low-deck trailers to high-clearance off-road operations. The exceptional axle travel of this system also makes the AAL an ideal liftable suspension. Teamed with our UBL™ UNDER BEAM LIFT™, this lift axle combo provides excellent ground clearance when raised.

INTRAAX® AAL Features and Benefits

TRI-FUNCTIONAL® Bushing

- Rigid trailing arm and solid axle connection for optimum ride softness and stability

Industry's First Standard Trailer Cam Tube System™

- Enhances S-cam alignment and helps extend life of brake components
- Short 10-inch S-cam reduces windup and bushing wear for responsive, consistent stopping power

Brake Component Mounting

- Welded to trailing arms rather than axle; minimizes axle stress

Neutral-toe Axle

- Helps increase fuel economy and tire life
- Straight tracking

LDA™ Large-Diameter Axle

- Trims weight compared to five-inch axle, allowing more cargo per load
- Bending and torsional stiffness increased for rugged durability
- Greater roll stability
- Reduced deflection under load

QUIK-ALIGN® Pivot Connection

- Fast and easy axle alignment
- Requires no welding or special tools

Advanced Axle Wrap and Window Weld

- Provides optimal structural integrity

Value-Added Options

- RTR® READY-TO-ROLL® wheel-end options reduce weight, enhance durability and lower maintenance
 - **HXL3® Hendrickson Extended-Life 3-year System™** features a three-year limited on-highway warranty*
 - **HXL5® Hendrickson Extended-Life 5-year System™** features a five-year limited on-highway warranty*
 - **HXL7® Hendrickson Extended-Life 7-year System™** features a seven-year limited on-highway warranty*
- TIREMAAX® tire inflation system helps maximize tire life and maintain peak fuel mileage
- HXS® Hendrickson Extended Service™ brakes extend intervals between brake service
- UBL™ UNDER BEAM LIFT™ is a lightweight mechanism which offers cost savings and operational flexibility
- Rear shock options available
- Air disc brakes available (requires rear shock option)
