

GAIN INTRAAX ADVANTAGES  
FOR YOUR LOW-RIDE  
APPLICATIONS

**H INTRAAX®**

**AAL 25K / AAL 30K**

**Give yourself a competitive edge with  
INTRAAX® low-ride liftables**

Step up to INTRAAX® (AAL) for your low-ride and specialty trailer applications. The world leader in trailer air-ride technology, Hendrickson brings the profitability and performance of INTRAAX to your low-ride and liftable applications. AAL delivers the proven benefits of INTRAAX technology to trailer designs calling for low-ride-height or liftable suspensions.

The sleek low-profile design of the AAL covers a wide range of ride heights, from low-deck trailers to high-clearance off-road operations. The exceptional axle travel of this system also makes the AAL an ideal liftable suspension. Teamed with our Under

Beam Lift (UBL™), this lift axle combo provides excellent ground clearance when raised.

More and more fleets and OEMs are making INTRAAX their standard suspension system. AAL adds an additional dimension of versatility demanded by operators in today's competitive market.

**Capacities**

Suspension	Axle
AAL 25K: 25,000 pounds	25,000 pounds
AAL 30K: 30,000 pounds	25,000 pounds

*For The Road Ahead™*

**H HENDRICKSON**

**INTRAAX advantage**

The industry's premier suspension-axle-brake system, INTRAAX® combines cutting-edge design with advanced manufacturing techniques. The result is a system with suspension weight savings and durability. The blending of art and science slashes system weight while improving performance, strength and reliability.

- Straightest axle in the industry helps improve fuel mileage and tire life
- Patented axle-wrap technology and beam-mounted brake hardware for outstanding durability and braking performance
- TRI-FUNCTIONAL® Bushings, in unison with rigid trailing arm and solid axle connection, deliver the ideal balance of ride softness and control
- QUIK-ALIGN® — fast easy axle alignment requires no welding or special tools
- Leading structural warranty\*
- Supported by OEMs, dealers and designated distributors nationwide
- Backed by Hendrickson's outstanding technical support staff
- Wide availability of Hendrickson Genuine Parts

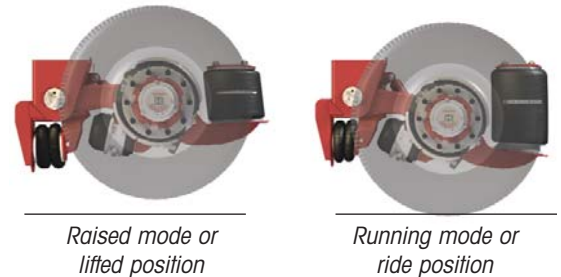

\*Applicable for most geographic areas and applications  
 See *Comprehensive Warranty* — L583 - US and Canada  
 See *Comprehensive Warranty* — L826 - Mexico

**Liftable options**

Combine your AAL with the UNDER BEAM LIFT (UBL™) for a state-of-the-art liftable system that adds real cost savings and operational flexibility.

- Easy installation, virtually maintenance-free
- Compact, robust design with fewer moving parts
- Weighs half as much as competitive models

**READY-TO-ROLL® options**

Broad range of READY-TO-ROLL® (RTR®) offerings help you customize your running gear to meet your specific requirements and optimize efficiency. Choices include the patented Hendrickson Long-life System™ (HLS™) with a limited five-year warranty and the Hendrickson Unitized System™ (HUS®) with a seven-year limited warranty.

Look for Hendrickson Extended Service (HXS®) brakes in 16.5 x 7, 16.5 x 8.625, and 15 x 8.625 inches. Wide HXS (16.5 x 8.625 inches) brakes may double mileage between lining changes.

Call your trailer dealer or Hendrickson at **1-866-RIDEAIR (743-3247)** and spec INTRAAX AAL to meet your low-ride-height or liftable needs.
