

TECHNICAL BULLETIN HUS® WHEEL END

SUBJECT: Important Warranty and
Maintenance Information

LIT NO: T79002

DATE: October 2015

This bulletin is a reminder to second hand, or subsequent, trailer owners who have purchased a used trailer equipped with HUS wheel-end hub assemblies. Regarding HUS wheel-end hub assembly, Hendrickson provides warranty coverage for 7 years Parts and Labor from the original date in service. The warranty coverage is not limited to only the original owner.

Hendrickson publication number L583 *Comprehensive Warranty Statement* describes how to contact Hendrickson Trailer Technical Services (page 2) regarding warranty claim and coverage considerations, coverage details and labor allowances. L583 is located on Hendrickson's Trailer Literature website on-line at:

www.hendrickson-intl.com/L583

Owners and service/maintenance providers must contact Hendrickson prior to any to potential warranty repair to review possible warranty coverage, proper repair procedures or any potential other assistance.

Please remember, the HUS wheel-end hub assembly does require periodic maintenance:

Quarterly Raise the wheel-end and rotate to realize smooth and quiet rotation. (If smooth and quiet is not realized, please contact Hendrickson.)

Every 2 weeks If equipped with a Wheel-End Monitor (WEM™), check bearing condition by holding a magnet to the WEM. A blinking LED indicates bearing condition:

GREEN — Bearings operating properly

RED — Damage detected

RED and GREEN — WEM malfunction

For more details, refer to Hendrickson technical publication number L775 Rev A *HUS Wheel-End Inspection Procedure*. For a complete listing of available related HUS Technical Publications, visit Hendrickson's Trailer Literature website at www.Hendrickson-intl.com/TrailerLit.

For any questions, contact **Hendrickson Trailer Technical Services** in the United States and Canada at 866-RIDEAIR (743-3247) or HTTS@Hendrickson-intl.com.

Call Hendrickson at **866.RIDEAIR (743.3247)** for additional information.
