

TOUGHLIFT[®] FM

Auxiliary Lift Axle Suspension Systems

TOUGHLIFT[®] FM lift axles (Formerly HLM) bring a winning reputation, reliability, performance and durability you have come to expect from Hendrickson products.

Hendrickson offers a wide variety of auxiliary lift axles to meet the requirements of demanding application. The TOUGHLIFT[®] FM Series is engineered for rugged on- and off-highway applications accommodating a wide range of ride heights for both truck and trailer applications. Hendrickson's TRI-FUNCTIONAL[®] Bushing helps absorb brake and acceleration forces while providing superior roll-control. The QUIK-ALIGN[®] feature simplifies the alignment process by eliminating welding of the alignment collar. Capacities available up to 25,000 lbs. in both pusher and tag axle configurations.

HENDRICKSON

The World Rides On Us[®]

TOUGHLIFT® FM Specifications

Capacity:	up to 25,000 pounds
Suspension Weight:	1,125 pounds
Travel:	9.5 inches
Lift:	6.5 inches
Axle Type:	5-inch round
Package Space:	26 inches

Value-Added Features

Air Control Systems

- LC-NSI: Inside the cab
- LC-UCO: Outside the cab composite box
- LC-USO: Outside the cab stainless box
- LC-MCA: Outside the cab controls - auto lift when vehicle turned off

Inside Mounted

Air Kit Features

- Compact size reduces amount of space required to mount controls
- Fewer fittings reduce system leak potential
- Higher airflow delivers better response when air controls are activated
- Color-coded connections provide easy identification and reduce installation time
- Inside-the-cab and outside-the-cab models available

Outside Mounted
Composite or Stainless Steel Box

QUIK-ALIGN® Pivot Connection

Simplifies the alignment process for quick and reliable adjustment

TRI-FUNCTIONAL® Bushing

Improve absorption of brake and acceleration forces while providing superior roll stiffness

TRI-FUNCTIONAL® Bushing

QUIK-ALIGN®

Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.

All applications must comply with applicable Hendrickson specifications and must be approved by the respective vehicle manufacturer with the vehicle in its original, as-built configuration. Contact Hendrickson for additional details regarding specifications, applications, capacities, and operation, service and maintenance instructions.
