Notes:

- A. Letter designation: **T** = Technical Literature, **P** = Product Announcement or Update, **AM** = Aftermarket
- B. Revision levels will be included on the front and back cover of each document and managed in DMXchange.
- C. From the effective date, all new literature numbers will be assigned using the new number system defined above.
- D. All technical literature will be in English. Translated documents will include a suffix after the literature number.
- E. **As of 5/19/11, original "L" lit numbers will not be converted to the new "T" number syntax.**
