

TIREMAAX™ PRO-LB Category B Suspension

Dual Tyre Category B Suspension Load/Pressure

Cold Tyre Inflation Pressure

For service and maintenance information refer to TIREMAAX PRO-LB Manual **97117-297**.

This refers to TIREMAAX PRO-LB dual tyre systems sold in Australia & New Zealand only.

Minimum:	75 psi (517 kPa)
@ 6,400 kg:	75 psi (517 kPa)
@ 7,500 kg:	93 psi (641 kPa)
@ 7,700 kg:	95 psi (655 kPa)
@ 8,500 kg:	101 psi (696 kPa)

Maximum tyre pressure may be limited by compressor pressure limit and air supply limitations. Pressures quoted are subject to variations depending on temperature, system design and inherent tolerances.
