

# STEERTEK™ NXT

Medium-Duty Truck Fabricated Front Steer Axle for Peterbilt®

Reliable, dependable performance with outstanding maneuverability and warranty

Based on proprietary design and manufacturing technologies that provide a superior strength to weight ratio, STEERTEK™ NXT serves as the durable, lightweight alternative to traditional I-beam axles. The patented two-piece knuckle contributes to outstanding turning radius and reduced maintenance. Chosen by Peterbilt as the standard axle for the 536, 537 and 548 models, STEERTEK NXT is available in capacities from 10,000 lbs. to 14,600 lbs.

*The World Rides On Us®*

# STEERTEK™ NXT for Peterbilt 536, 537 and 548 Models

## Warranty

- STEERTEK™ NXT axles for Peterbilt® 536, 537 and 548 come with a standard 10-year, 1 million mile limited warranty\*

## Brake Compatibility

- Compatible with drum brakes or air disc brakes

## Increased Maneuverability

- Optimized steering performance delivers up to 55 degrees of wheel cut providing a reduced turning radius

## Reduced Maintenance

- The unique two-piece knuckle design eliminates the need to remove the kingpin to service the bushings, helping to reduce maintenance time and life-cycle costs
- Premium kingpin bushings and seals provide enhanced protection from the elements to improve bushing life and extend service intervals up to 40,000 miles\*\*

## Integrated Axle Seats

- Improve ground clearance
- Reduce part count
- Simplify assembly

## Rigid Axle Beam

- The box-shaped cross-section resists horizontal, vertical and twisting forces more effectively than traditional I-beam axles while helping to reduce dynamic camber and toe changes
- Continuous beam architecture minimizes stress points for added durability

## Advanced Suspension Integration

- The STEERTEK NXT axle easily integrates with a variety of suspension configurations
- Made with pride in Lebanon, KY
