

TRUCK MAIN SUPPORT MEMBERS

Main Support Members, which are also called “Z” springs or “Z” bars, are an integral part of Hendrickson Truck suspension systems.

Hendrickson supplies the same genuine springs for service requirements that are installed in original Hendrickson suspension systems — with the same design, construction, performance and durability.

As a leading manufacturer of main support members, Hendrickson continues to meet rigid OEM requirements and provides reliable, consistent performance and supplies to most major vehicle manufacturers throughout the world.

Quality and Durability

- To help ensure high end user satisfaction and peak system performance, Hendrickson conducts advanced research and development for leaf springs and main support members

Unique Alloy

- Hendrickson's main support members are manufactured using a unique, proprietary, fine-grain alloy with high tensile strength, developed specifically by Hendrickson engineers and steel manufacturers
- The attributes of this alloy enable Hendrickson to optimize the balance between roll stiffness, ride quality and long service life

Hendrickson Spring Technology

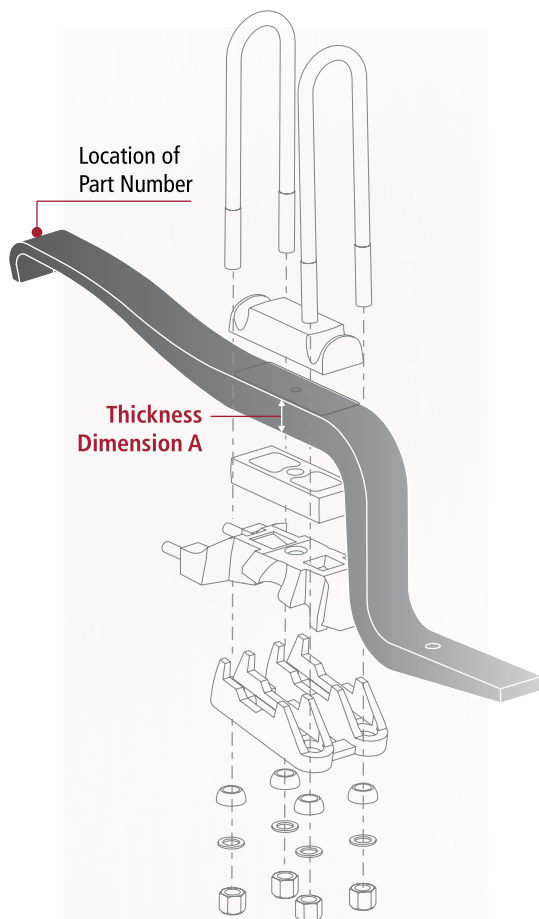

- Reduces weight while increasing strength, spring life, roll stability and ride quality
- Proprietary material structure and design to improve performance
- Uniquely tempered with our proprietary heat treating process to further improve fatigue life and durability
- Peened for maximum fatigue strength providing longer spring life
- Latest in paint and paint processes for advanced corrosion protection

Popular Hendrickson Main Support Members

When replacing main support members

- Hendrickson recommends also installing new replacement U-bolts and fasteners to help maintain proper clamp load
- Refer to the specific parts list and service / maintenance instructions for your Hendrickson suspension system available online at www.hendrickson-intl.com

Hendrickson Genuine Parts are the same quality components installed in Hendrickson original equipment suspensions — consisting of the same design, construction, performance and durability. There's only one way to maintain and protect your suspension's original performance. Ask for the name that is synonymous with the finest manufactured suspensions in the world.

Extended Warranty options available at www.hendrickson-intl.com

Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.

All applications must comply with applicable Hendrickson specifications and must be approved by the respective vehicle manufacturer with the vehicle in its original, as-built configuration. Contact Hendrickson for additional details regarding specifications, applications, capacities, operation, service and maintenance instructions.

Call Hendrickson at **630.910.2800** or **855.RIDERED (743.3733)** for additional information.
