

TRAILER AXLE SOLUTIONS

Comprehensive Product Guide for the Global Commercial Vehicle Industry

TRLAXLE®
Versatile non-integrated axle
designed for trailers

Hendrickson MAXX22T™
Optimized air disc brake system
engineered for trailers

TIREMAAX® PRO
Enhanced tire pressure control
system engineered for trailers

- Durable, non-integrated trailer axles compatible with mechanical and air suspensions
- Straight axle configurations featuring industry-standard spindles for a variety of vehicle applications
- Available with industry-standard drum brakes, various sizes, Hendrickson linings and wheel-end options
- Available with Hendrickson-installed spring seats to support mechanical spring suspensions for on-highway applications

- Lightweight rotor and torque plate deliver superior weight savings over ductile iron designs
- Offers enhanced weight savings with the Dura-Light Hub® option and features a bolt-on dust shield for easier installation and maintenance
- The only ADB system offered with Hendrickson comprehensive warranty¹ coverage

- Automatically inflates tires using the trailer's air supply while preventing overinflation by releasing excess air through the controller
- Patented controller is designed to recognize normal pressure increase due to operation
- Constantly equalizes tire pressure across all wheel positions
- Hubcap-mounted TPMS sensor (available on PRO systems) connects to the Hendrickson WATCHMAN® App or approved telematics system for real-time tire pressure monitoring

1. Contact your local Hendrickson representative for complete warranty terms, conditions and limitations.

TRAILER AXLE SOLUTIONS

Comprehensive Product Guide for the Global Commercial Vehicle Industry

RTR® READY-TO-ROLL® Wheel-End Packages

HXL3®, HXL5® and HXL7® Wheel-Ends

HXL3 Hendrickson Extended-Life 3-Year System™

- 3-year limited warranty¹
- Affordable oil-bath wheel-end
- Die-cast aluminum hubcap

HXL5 Hendrickson Extended-Life 5-Year System™

- 5-year limited warranty¹
- Semi-fluid grease
- Die-cast aluminum hubcap

HXL7 Hendrickson Extended-Life 7-Year System™

- 7-year limited warranty¹
- Semi-fluid grease
- Corrosion-resistant hubcap

HXL7 with Outboard Mounted Rotor

- Allows for rotor servicing without disturbing the wheel-end
- Available exclusively with Hendrickson MAXX22T® air disc brake system
- Patented, innovative designs like:
 - HX Parallel spindle technology
 - Redesigned corrosion-resistant tone ring
 - Exclusive Hendrickson sealing system
 - Timken® tapered roller bearings

Motor Wheel

Original CentriFuse®

The proven standard in brake drum technology

- Up to 232 pounds lighter than competitive cast drum options enhancing fuel economy and payload²
- Permanently bonded steel shell resists heat cracks
- Proprietary alloy absorbs heat better, reducing fade and wear
- Mass-centering manufacturing improves balance for a smoother ride
- 10-year written limited warranty
- 23,000 lb. axle load rating

1. Contact your local Hendrickson representative for complete warranty terms, conditions and limitations.
2. Total estimated weight savings for a typical Tractor and Trailer equipped with 4 axles and 8 drums.

These products are covered by at least one or more U.S. and / or foreign patents and / or pending U.S. and / or foreign patent applications. See Hendrickson for details.
Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.
All applications must comply with applicable Hendrickson specifications and must be approved by the respective vehicle manufacturer with the vehicle in its original, as-built configuration.
Contact Hendrickson for additional details regarding specifications, applications, capacities, operation, service and maintenance instructions.

Call Hendrickson at 330-489-0045 or 866.RIDEAIR (743.3247) for additional information.
